Add-on unit	No
Parking spaces	1
Colour	RAL 7016 - Anthracite grey
Base material	Steel
Weight	87,60 kg
Surface finish	Powder coated
Locking mechanism	RFID lock
Configuration	Two-sided

The BikeBox 1 ID RFID offers reliable protection for bicycles, e-bikes and pedelecs – against theft, vandalism and all weather conditions. The robust, galvanised sheet steel construction with powder coating in RAL 7016 anthracite grey ensures a durable, value-retaining solution with a modern look. Access is convenient and secure via a battery-operated RFID lock in a contemporary design. Contactless access via transponder card is particularly

suitable for locations with multiple users, such as companies, residential complexes, schools or public institutions. Plastic washers in the door hinge area prevent corrosion and ensure long-term reliable outdoor use. Thanks to its modular design, individual components can be replaced as needed. The BikeBox 1 ID RFID complies with the ADFC's Technical Guideline TR6102-0911 (test number Q1205).

- + Robust, galvanised sheet steel construction
- + Corrosion-protected and durable
- + Battery-operated RFID lock for contactless access
- + Modular system: repairable and replaceable
- + Ideal for public and commercial use
