Modular bicycle garage made of robust sheet steel, corrosion-resistant and stable in value. With single-lever handle cylinder lock and adjustment rail. Thanks to the BikeBox 1 XL, wind and rain, thieves and vandals can no longer harm bicycles. With its generous size, the Bike Box 1 XL offers enough space for larger and wider bikes as well as additional accessories. As with all our

BikeBoxes, the Bike Box 1 XL also has a robust gable roof, which not only ensures an attractive appearance, but also outstanding stability and weather resistance. Thanks to the modular design, we can not only offer you an attractive price for logistics, but also the option of a row system. Perfect for companies or municipalities that need several bicycle parking spaces!

- + Robust sheet steel construction
- + Corrosion-protected, stable in value thanks to galvanization
- + With single-lever handle cylinder lock as standard
- + Modular design for replacement and expansion
- + Space for larger and wider bikes
