Configuration	One-sided

The BikeBox 1 XL Gable Roof row system was specially developed for bicycles with wide or high handlebars and offers plenty of space for parking. Whether e-bikes, cargo bikes or bicycles with child seats – everything is safely stored here. The XL version is suitable for schools, businesses, public authorities, residential complexes, campsites and private households. The completely galvanised and powder-coated steel sheet construction in RAL

7016 anthracite grey provides reliable protection against weather, theft and vandalism. The wide door opening ensures convenient parking and removal. A standard single-lever cylinder lock and plastic pads on the door hinges increase durability in outdoor use. The modular design allows for repairs and extensions. Delivered disassembled, including assembly materials and instructions. Complies with ADFC guideline TR6102-0911, test number Q1205.

- + Robust, galvanised sheet steel construction
- + Corrosion-protected and durable
- + With single-lever cylinder lock per unit
- + Modular system: expandable and repairable
- + Ideal for public and private use
