The Factory series glass cabinet highlights products and other exhibits in the most favourable light. Factory showcases are made of a very sturdy aluminium construction in an elegantly rounded Softline design with anodised, aluminium-silver-coloured surface. Tempered safety glass doors offer protection and optimum access convenience. Your products or exhibits find their place on the continuously height-adjustable toughened safety glass shelves with a 10 kg load capacity. Mechanical push locks provide even more security and a high degree of locking convenience. Factory vitrines are available in a variety of sizes, in either standing or hanging systems, with or without a base cabinet. All models are pre-fabricated ready-to-install and equipped with a LED lighting system.

- **Anodised aluminium silver**
- **Toughened safety glass**
- **Toughened safety glass shelves, infinitely height-adjustable**
- **Adjustable feet for an optimal standing**
