Our room system is the perfect entry-level model for all your outdoor needs - ideal for new office space or gatehouses. Thanks to the standardised design, we offer you a cost-effective and quickly available option. Our modular steel construction, supplemented by a roof foil, ensures stability and reliable protection even in the most adverse weather conditions. The system is characterised by its standardised modular principle, which enables quick assembly and easy adaptation to changing requirements. In addition, the electrical packages provide the essential supply of lighting and network connections to guarantee immediate operational readiness.
