

Shelters

Oslo 03 UP

Functionality meets design

Elegant waiting shelter made of galvanized steel profiles and safety glass, easily visible from all sides.

Article number	EAN	Width	Height	Depth
102000687		4250 mm	2740 mm	1800 mm

Clear height	2360 mm
Roof style	Flat roof
Roof type	Troughed sheet
Colour	RAL color of choice
Mounting type	Set in concrete
Base material	Steel
Snow load	1,90 kN/m ²

Our modern Oslo roofing system combines elegant design with high functionality. It consists of galvanized steel profiles and toughened safety glass (ESG), making our Oslo not only durable but also visually appealing. The flat roof with trapezoidal sheet

metal and powder-coated surface ensures a modern look and effective water drainage through the rear right-hand corner post. With a snow load of 1.9 kN/m², it is stable and resistant even in bad weather.

- + Hot-dip galvanized steel construction
