The versatile and adaptable W model series is characterised by its high-quality materials, elegant design and its particularly flexible modular concept. All this enables you to create the right space for every requirement, for example, as a hall office, control stand or recreation room. Mobility is one of the particular strengths of this system, as it can be easily and quickly repositioned if your

plans change. Furthermore, W model series accessories offer you innumerable design possibilities - whether lighting solutions, cleanroom air conditioning, connector systems, windows or doors. In addition, the room system can be limitlessly expanded in terms of surface area and is also available as a double or three-storey construction.

- + Fully assembled complete solutions immediately ready for use
- + Crane hooks for speedy repositioning
- + More safety through 5 mm thick single-pane safety glass glazing
- + Available with or without floor
- + Large range of accessories
