With our FN/FR model, you receive a classic sliding-door wall-mounted display case conceived for DIN formats A3 to A0. Its tempered safety glass doors offer maximum visibility. The approved B1 fire-protected notice board guides its doors on a black plastic rail while a glass slide lock protects against unauthorised access. The entire structure made of torsion-resistant aluminium profiles has a maximum depth of 30 mm and is ideal for indoor

installation in tight spaces. With its sliding door concept, changing notices in, for instance, corners or niches is not a problem. The FN/FR model is one of our classics and is delivered to you within 72 hours. The notice board with tempered safety glass is also available with round die-cast zinc corner joints – for even more safety.

- + All-glass doors including slide lock
- + Minimal depth (30 mm)
- + The model is also available with round corner joints
- + Building material class B1 (low flammability) according to DIN 4102-1
- + Speedy delivery within 72 hours
