The FSK series always provides enough space for your DIN-format notices and posters from 2 to 16 times A4 in landscape or portrait format and is suitable for indoor and outdoor wall mounting. The construction of torsion-resistant, silver-coloured anodised aluminium profile is just 30 mm deep and impresses and reduces the risk of injury with its modern, rounded Softline design. The

hinged doors of tempered safety glass or unbreakable acrylic glass provide clear visibility of the entire notice space and are convenient and comfortable for anyone to use. A security lock protects against unauthorised access. With the magnetic rear panel and four included magnets your notices are attached quickly and your staff, customers or guests are immediately informed.
