|----------------|---------------|---------|--------|--------|
| 105700101 | 4250366511597 | 2100 mm | 856 mm | 944 mm |

| | |
|-------------------------|------------------------|
| Parking spaces | 6 |
| Colour | Silver |
| Weight | 46,20 kg |
| Construction type | Screwed / assembly kit |
| Base material | Steel |
| Mounting type | On the floor |
| Bike spacing | 350 mm |
| Tyre width | 55 mm |
| Configuration | One-sided |
| Positioning space depth | 1850 mm |

The striking detail of this free-standing bicycle parking system is the diagonal frame rest sheathed in signal red plastic. It protects every bicycle or e-bike against wanton or accidental wheel buckling and consequential damage to the rims. Integrated steel eyelets provide optimal theft protection. The spacing between

hoops is generously laid out and ideal for bicycles with up to 55 mm wide tyres. The stanchion thus offers you or your employees, customers and guests the highest level of parking convenience. Of course, the system is prefabricated for ground mounting and series connection.

- + Free-standing, bolted tubular steel construction
- + Ample plastic-sheathed frame rests
- + Integrated eyelets for preventing theft
- + Prefabricated for row/series connection
