The „Nizza“ is an elegant 60 litre capacity post-mounted waste bin made of sheet steel for mounting in shelter systems. A curved opening enables easy insertion from the front. The container can be easily tilted forward for emptying by means of a built-in gas tension spring. The perforated bottom allows water to drain

off. The scope of delivery includes a DK 8 triangular key and an insert container with 2 pocket grips. The rubbish bin is hot-dip galvanised to DIN EN ISO 1461 and additionally powder coated in a RAL colour of your choice (except for pearl and signal colours).

- + Elegant waste bin for shelters (bus stops etc.)
- + Hot-dip galvanised sheet steel pursuant DIN EN ISO 1461
- + Powder-coated pursuant RAL
- + 60 litre capacity
- + Separate containers, gas tension spring for easy operation
