Thanks to the BikeBox 1, wind and rain or thieves and vandals can no longer harm your bikes. Bicycles of all sizes and types, with and without luggage, can be stored safely and comfortably in its modular construction made of sturdy, corrosion-resistant sheet steel. The BikeBox 1 is ideal for schools, sports facilities, government agencies, companies, campsites, residential complexes, private households or bike & ride stations – wherever high-quality bicycles, pedelecs and e-bikes have to be safely parked overnight or even longer. A coin deposit lockprotects against unauthorised access. The modular design allows replacement of individual parts and enables the extension to a series of systems of any size.

- **Robust sheet steel construction**
- **Corrosion-resistant value-retention through galvanising**
- **Equipped with coin deposit lock**
- **Modular design for replacement and extension**
- **With gable or arch roof**
