The „Jena“ model is the optimal shelter solution wherever less space is available. Available at short notice, you receive a small, robust shelter that defies wind and weather and, with its practical armrests, doesn't neglect comfort either. Ideal, for example,

as a smoker's shelter. The stable transparent side wall made of corrugated polycarbonate, including galvanised, RAL 9002 grey white powder-coated armrests, protects against the weather from the sides. Can be used on the left or right.

- + Transparent corrugated polycarbonate
- + Protection from wind and weather
- + Inclusive armrests
- + RAL 9002 grey white powder-coated
- + Can be used left or right
