The Security Station advertising bike stand attaches great importance to the secure parking of your customers' bicycles and pedelecs. Six parking spaces that can be accessed on both sides, security bars for easy lock connection and 510 mm between bikes characterise the parking system. You can utilise the printable blank display plate for your custom advertising purposes. By

request, we can take on the printing for you. Colour-coating in RAL 9006 White Aluminium, or a RAL colour of your choice, make the Security Station a stand-out eye-catcher. When required, you can simply roll your advertising bike rack into your shop, garage or other storage room.

- + Sturdy tubular steel construction
- + Corrosion-resistant, value-retentive through galvanising
- + Security bar for optimised theft protection
- + Integrated, printable advertising space
- + Side-mounted rollers for easy relocation
