The CW 5000 advertising bike rack helps you to keep your advertising messages up to date and effectively protected against weather influences. A double-sided advertising space is clearly visible above the comfortable parking space for three or six customers' or employees' bicycles that can be accessed on both sides. The rack features two aluminium snap frames in DIN

A1 portrait format and a handy Quick-Clip system, with which you can exchange your advertising posters in a jiffy. The posters themselves are protected with non-reflective, waterproof film pockets which are included in the scope of delivery. Where required, insert the integrated outrigger tubes and simply roll your advertising bike rack to its location.

- + Sturdy tubular steel construction
- + Corrosion-resistant, value-retentive through galvanizing
- + DIN A1 landscape advertising space with Quick-Clip-System
- + Non-reflective, waterproof film pockets
- + Transport rollers and outrigger tubes integrated
