105500024	4250366524092	5100 mm	850 mm	350 mm

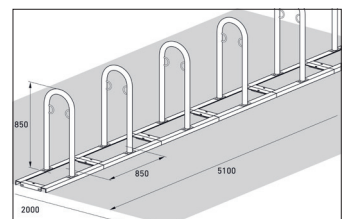

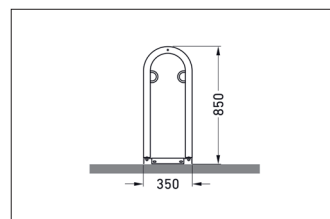

Parking spaces	12
Colour	Silver
Knee-high crossbar	No
Construction type	Screwed / assembly kit
Base material	Steel
Mounting type	Floor mounting
Bike spacing	850 mm
Configuration	Two-sided
Positioning space depth	2000 mm

The bicycle stand TRACK stands alone and needs no concrete or foundation work. Set up – ready! This rugged and affordable leaning system for 2 to 12 bicycles is particularly appealing to those who want or need to quickly create multiple parking spaces, for instance as required by a building code. The beneficiaries needn't renounce comfort and safety either: TRACK offers enough space

even for mountain bikes or Dutch bicycles and security through integrated steel eyelets for bicycle locks. With optional ground anchors, the system can be easily fixed on solid surfaces and just as easily expanded to almost infinite serial rows through integrated prefabrication. If you want to bolt to the ground, just order the appropriate holes in the base frame.

- + Free-standing tubular steel construction
- + Corrosion protected through galvanising
- + Integrated eyelets to prevent theft
- + Prefabricated for row connection
- + Bolts and installation instructions enclosed
